

The Government College Sanjauli, Shimla-6 or 'Sanjauli College' which is also known as 'Centre of Excellence', is my Alma mater and therefore, very close to my heart. I had the proud privilege to get education from this esteemed institution

from 1982 to 1985 where I earned the degree of BA Honours in History. This institute of par excellence imbibed in me the qualities of being humble, confident and responsible citizen, and provided me the foundation upon which I have built the career I have today. Apart from providing excellent atmosphere in academics and inculcating high moral

values, this institute had many infrastructural facilities and conducive atmosphere for extracurricular activities which enabled me to partake in two long tracking expeditions viz. Kishtwad to Chamba, and Keylong to Leh. The

latter expedition was full of hardships- so much that one member of the expedition had to terminate the course midway due to pressure imbalance. It was a journey from known to unknown involving arduous path of about 17000 Feet above sea level, in which many challenges were faced

and eventually overcome by teamwork and mutual cooperation. The whole expedition had been an enriching experience. The excellent sports facilities of this institute gave me the opportunity to represent the college in inter-college football matches. The leadership quality learned in this institute provided me the platform to represent my class as class representative in the academic year 1984-85. The excellent education, exposure and values received in this college proved very useful in the successive years of my life. I owe much to the invaluable learning and experience gained in this institute. Indeed, I will cherish lifelong the wonderful and unforgettable moments spent in this prestigious institute. I congratulate this premium institution upon completion of 50 Years of academic excellence and wish the institute and its students & staff a great future.
